

5 February 1979

MEMORANDUM FOR: National Intelligence Officers

FROM : Coordinator for Academic Relations, NFAC

SUBJECT : NIO Consultants, Status Report

1. Attached are lists of consultants currently available to each of you. The summary sheet ("Attachment") gives the full story of our effort to build a roster of NIO consultants so far as the facts are known to my office. Please inform me soonest of any errors or omissions.

2. Three of you have no consultants currently available. NIO (Warning) is a special case, none having been sought. For the other two, EAP and PE, it should be said that the negative result is not for want of trying.

3. A reminder: for the regional NIOs, with approval of the DD/NFA or ADD/NFA, consultants may be cleared for TS only, omitting the polygraph. Thus far only one consultant, has been cleared in this fashion. Please keep the possibility in mind if the polygraph seems to present an obstacle.

25X1

4. Another reminder: Seven of the names on the complete list (not all as yet fully cleared) were nominated by the DCI or the DD/NFA. Please use them!
